let us get the National committee to force the will. It did not certainly would National committee inquiry to learn contract, promise by Chairman person or person Democrats to all should withdraw for the nomination for the People and that there was absolutely nothing on a claim. Therefore by virtue of ment or understanding, the National urged that the

the party convention was the duty of the Democratic party half way through the year. The committee of the National Union had to be elected even though the government was not yet in the hands of the Democrats. The committee was under the impression that the Democrats would not retire their candidates and would not allow it, as the Democrats were bitterly denouncing the Presidential election. The committee was informed that the Democrats would stop these actions and would remove the Democrats from the platform so as to prevent the Democrats from Mr. Sewall's order that Mr. W. H. H. might map out the action and work.

for the peculiar and  
conditions he was un-
